

For Immediate Release

**Winning Solutions, Inc. Enhances Solutions Portfolio to Deliver Internet Fax Services,
Through Partnership Agreement with Venali, Inc.**

Winning Solutions, Inc., July 1, 2005, announces Solutions Provider agreement with Venali, Inc. This agreement brings powerful new fax capabilities that eliminate the need for fax machines and fax servers in almost any business environment. This results in immediate return-on-investment, never-busy fax numbers, effective junk fax filtering, and electronic fax archiving capabilities that address regulatory requirements for any fax-based communications. Venali Internet Fax Services help companies eliminate the cost of separate fax servers and fax phone lines, along with the overhead burden on IT staff and telecom operations. Winning Solutions, Inc. is able to integrate this solution with new or existing email platforms such as Microsoft® Office, Microsoft® Exchange Server, and Windows® based applications. Winning Solutions, Inc., can integrate Venali functionality with mixed Microsoft and non-Microsoft IT environments.

Quote from David Forsch – VP Sales at Venali -“We are pleased Winning Solutions, Inc. has chosen to embrace Venali and make the commitment to the Venali Solutions Provider program”, said David Forsch, V.P. Sales at Venali. “As a Solutions Provider in their market, with solutions such as [Windows® Servers, Active Directory, Exchange Server® and other BackOffice® products], Winning Solutions, Inc. is ideally suited to sell and support Venali’s Internet Fax services. With the addition of Venali’s Fax Services, Winning Solutions, Inc. is now offering a value-rich fax solution that delivers real business value to the end customer”.

“We are pleased to welcome Winning Solutions, Inc. as a Venali Solutions Provider”, said David Forsch, V.P. Sales at Venali. “As a leading provider of IT technology solutions, such as custom application development using Microsoft .NET framework, web site design & development, hosting, hardware & network support, including Windows® Servers, Active Directory, Exchange Server®, Small Business Server® and other BackOffice® products], Winning Solutions, Inc. is properly equipped to sell and support Venali’s Internet Fax services. With the addition of Venali’s Fax Services, Winning Solutions, Inc. is now providing businesses with a value-rich fax solution that delivers real business value to the end customer”.

Finding ways to reduce costs and acquiring solutions that increase workflow productivity are the criteria that define business technology purchases. With the addition of Venali’s Internet Fax Service capabilities, Winning Solutions, Inc. is able to provide businesses with a solution that achieves these business objectives. Service offerings include Venali’s Desktop Fax solution, which enables businesses to send and receive faxes as an attachment through their email program and directly from applications when using Microsoft® Office 2003. Venali’s Production Fax services provide the ability to fax business documents directly from a customer’s ERP or other line-of-business applications. Production Fax capabilities improve the delivery of mission-critical documents, such as delivery of invoices, requests, shipping confirmations, purchase orders and other documents.

“While businesses have made significant IT investments, many of them are faced with the need to quickly deliver critical business documents such as purchase orders and invoices to third-party relationships like vendors and customers via fax said, Mark Steffen Senior IT Consultant at Winning Solutions, Inc “We are extremely pleased to partner with Venali; we look forward to delivering our customers a competitively priced and reliable fax solution. Our Venali Solutions Provider; status allows us to offer a fax solution which eliminates the customers need to purchase

fax servers and fax lines along or replace existing/aging fax infrastructure while eliminating the overhead burden on IT staff and telecom operations. The benefits provided through Venali's Solutions Provider Program will allow us to continue enhancing the offerings that we provide for customers".

About Winning Solutions, Inc.

Winning Solutions, Inc. (WSI) is a full-service information technology firm with corporate headquarters located in Ames, Iowa. Founded in 1996, WSI has grown to become a respected leader in the development of customized technology solutions.

The Ames location has enabled WSI to take advantage of the talent pool graduating from Iowa State University. This, combined with the Midwest work ethic has enabled WSI to grow at a controlled rate from two employees to over 25 by 2005.

WSI is a privately held, self-funded corporation which has been profitable every year of its existence. The management team feels that this allows WSI to take advantage of the current economic times through both acquisitions and expansion.

WSI opened its first branch office in early 2001 in Fort Myers, Florida. WSI is looking forward to fulfilling business needs throughout southern Florida with the new office—using the same expert abilities and Midwest work ethic our clients have come to expect over the past five years.

Both offices are Microsoft Certified Partners and can offer a full range of Microsoft based solutions as well as solutions based on other leading development platforms.

Mission

Winning Solutions, Inc.'s mission is quite simple and is the basis of our everyday work life.

To become the most valued member of our client's team by providing expert recommendations, effective applications and excellent customer service.

To provide superior custom business solutions by listening to our clients, anticipating their needs and keeping them poised for the future.

To offer our consultants an environment in which ingenuity, diverse perspectives and group effort are developed and rewarded.

About Venali Internet Fax Services

Venali (<http://www.venali.com>) is a leading provider of enterprise fax solutions. Through secure fax services and management tools, Venali enables businesses to use their existing IT systems to reliably send, receive, and manage their fax communications. Venali eliminates the need for separate fax servers and phone lines along with the maintenance issues and bottlenecks associated with them. Instead, Venali works with the customer's existing IT resources and delivers scalable, managed fax solutions with unique benefits like immediate return-on-investment and never-busy fax numbers.

Venali's corporate headquarters are located in Miami, Florida. Venali serves international markets through its offices in Munich, Singapore, Kuala Lumpur and London.
