ELECTROWORLD 2006

October 12. – 15. 2006

80 x 42" Philips  
Plasmawall by

Without a great Electrical engineer from EDA - it would never have happened !

Here in front of "Nature"  
© GreeneHD

HD Format:  
720p  
WMV-HD/  
VC-1

A remote control that works on all 80 TVs would certainly have done the trick.

**ELECTROWORLD 2006**

October 12. – 15. 2006

**80 x 42" Philips  
Plasmawall by**

**Shakira, looking  
great on 1, 4 and 80  
Plasmas.  
– Don't Bother**

**Here she is behind a specially  
designed - for ElectroWorld2006  
- Flash Application**

**A little self-marketing in  
return for 11x HD-Clip  
rights (from GreeneHD)**

**Behind Every great Plasma Wall is a workhorse PC !  
A Dell Precision 380, hardworking with HD-clips and  
triple Flash animations, displayed in High Definition  
(720p) by a Nvidia GeoForce 7900 GPU.**
